Wind-Resistance and Fast Installation Nailed.

IKO Dynasty with ArmourZone performance laminate shingles give you full coverage, lowering job costs associated with extra bundles and the labor to install them.

These oversized shingles are heavy-duty and are installed with a 5 7/8" exposure. Their special 1-1/4" reinforced nailing area (*the ArmourZone*) ensures incredible fastening power. They'll help resist nail pull-through even at high winds and carry a 130 mph (210 km/h) wind limited warranty¹ with the use of only four nails. IKO's special Fastlock™ sealant also helps resist water penetration and guards against wind uplift.

IKO's advanced color blending technology creates distinctive hi-def colors that will make a home harmonize with its surroundings or truly stand out.

To ensure complete satisfaction, please view several full size shingles and an actual roof installation prior to final color selection as the shingle swatches and photography shown online, in brochures and in our app may not accurately reflect shingle color, and do not fully represent the entire color blend range, nor the impact of sunlight.

¹See Limited Warranty at IKO.com for complete terms, conditions, restrictions, and application requirements. Shingles must be applied in accordance with application instructions and local building code requirements. ²All values shown are approximate. ³Products developed with reference to these Standards. **Note:** Product and color availability may vary by region. Products with Miami Dade NOA, Florida Product Approval, and Texas Department of Insurance listings are available. Please contact IKO for details.
